BOOK SYNOPSIS

Med School Confidential from Robert H. Miller and Daniel M. Bissell uses the same chronological format and mentor-based system that have made Law School Confidential and Business School Confidential such treasured and popular guides. It takes the reader step-by-step through the entire med school process--from thinking about, applying to, and choosing a medical school and program, through the four-year curriculum, internships, residencies, and fellowships, to choosing a specialty and finding the perfect job. With a foreword by Chair of the Admissions Committee at Dartmouth Medical School Harold M. Friedman, M.D., Med School Confidential provides what no other book currently does: a comprehensive, chronological account of the full medical school experience.
